

Baozun Announces Closing of Convertible Senior Notes Offering and Full Exercise of Option to Purchase Additional Notes

April 10, 2019

SHANGHAI, China, April 10, 2019 (GLOBE NEWSWIRE) -- Baozun Inc. (NASDAQ: BZUN) ("Baozun" or the "Company"), the leading brand e-commerce service partner that helps brands execute their e-commerce strategies in China, today announced the closing of its previously announced offering of US\$225 million in aggregate principal amount of convertible senior notes due 2024 (the "Notes"), and of the sale of an additional US\$50 million in aggregate principal amount of the Notes pursuant to the exercise by the initial purchasers in full of an option to purchase additional Notes (collectively, the "Notes Offering"). The Company received net proceeds from the Notes Offering of approximately US\$269.0 million. The Company plans to use the net proceeds from the Notes Offering for working capital and other general corporate purposes, including repayment of outstanding indebtedness and potential future acquisitions.

The Notes bear interest at a rate of 1.625% per year, payable on May 1 and November 1 of each year, beginning on November 1, 2019. The Notes will mature on May 1, 2024, unless repurchased, redeemed or converted in accordance with their terms prior to such date. The Notes are convertible at the option of the holders into the Company's American Depositary Shares ("ADSs"), each currently representing three Class A ordinary shares of the Company, par value US\$0.0001 per share, based on an initial conversion rate of 19.2308 ADSs per US\$1,000 principal amount of Notes (representing a conversion premium of approximately 30% to the Initial Borrowed ADS Price, as defined below). The conversion rate is subject to adjustment in certain circumstances. Holders may convert their Notes at their option at any time prior to the close of business on the second business day immediately preceding the maturity date. The Company may not redeem the Notes prior to maturity, unless certain tax-related events occur. Holders of the Notes may require the Company to repurchase all or part of their Notes in cash on May 1, 2022, or in the event of certain fundamental changes.

Concurrently with the Notes Offering, the Company has entered into ADS lending agreements with affiliates of the initial purchasers in the Notes Offering (such affiliates being the "ADS Borrowers"), pursuant to which the Company lent 4,230,776 ADSs (the "borrowed ADSs") to the ADS Borrowers. 2,250,000 ADSs (the "Initial Borrowed ADSs") were initially offered at US\$40.00 per ADS (the "Initial Borrowed ADS Price") pursuant to a separate prospectus supplement and an accompanying base prospectus. The ADS Borrowers may offer additional borrowed ADSs for sale on a delayed basis following the Notes Offering at market prices prevailing at the time of sale or at negotiated prices. The registered ADS borrow facility is intended to facilitate privately negotiated transactions or short sales by which some investors may hedge their investment in the Notes, and could affect the market price of the Company's ADSs or the Notes otherwise prevailing at that time.

The Company did not receive any proceeds from the offering of the borrowed ADSs, but received a nominal lending fee from the ADS Borrowers. The borrowed ADSs are not considered outstanding for purposes of computing and reporting the Company's earnings per ADS under current U.S. GAAP rules.

The Notes have been offered in the United States to qualified institutional buyers pursuant to Rule 144A and to non-U.S. persons outside the United States in reliance on Regulation S under the Securities Act of 1933, as amended (the "Securities Act"). The Notes, the ADSs issuable upon conversion of the Notes and the Class A ordinary shares represented thereby have not been and will not be registered under the Securities Act or the securities laws of any other jurisdiction, and may not be offered or sold in the United States absent registration or an applicable exemption from registration requirements under the Securities Act.

This press release shall not constitute an offer to sell or a solicitation of an offer to purchase any securities, nor shall there be a sale of the securities in any state or jurisdiction in which such an offer, solicitation or sale would be unlawful.

Safe Harbor Statements

This press release contains forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, and as defined in the U.S. Private Securities Litigation Reform Act of 1995. These forward-looking statements can be identified by terminology such as "will," "expects," "anticipates," "future," "intends," "plans," "believes," "estimates," "target," "going forward," "outlook" and similar statements. Among other things, the Company's strategic and operational plans are forward-looking statements. Such statements are based upon management's current expectations and current market and operating conditions, and relate to events that involve known or unknown risks, uncertainties and other factors, all of which are difficult to predict and many of which are beyond the Company's control, which may cause the Company's actual results, performance or achievements to differ materially from those in the forward-looking statements. Further information regarding these and other risks, uncertainties or factors is included in the Company's filings with the U.S. Securities and Exchange Commission. The Company does not undertake any obligation to update any forward-looking statement as a result of new information, future events or otherwise, except as required under law.
