

Baozun Announces Postponement First Quarter 2019 Earnings Conference Call to May 30, 2019

May 29, 2019

SHANGHAI, China, May 29, 2019 (GLOBE NEWSWIRE) -- Baozun Inc. (Nasdaq: BZUN) ("Baozun" or the "Company"), the leading brand e-commerce service partner that helps brands execute their e-commerce strategies in China, today announced that it has postponed the conference call to discuss its unaudited financial results for the first quarter ended March 31, 2019, due to technical difficulties with the conference call service provider.

The Company will now host the call at 8:00 a.m. Eastern Time on Thursday, May 30, 2019 (8:00 p.m.Beijing time on the same day). Dial-in details will be released via press release shortly.

Safe Harbor Statements

This news release contains forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, and as defined in the U.S. Private Securities Litigation Reform Act of 1995. These forward-looking statements can be identified by terminology such as "will," "expects," "anticipates," "future," "intends," "plans," "believes," "estimates," "target," "going forward," "outlook" and similar statements. Such statements are based upon management's current expectations and current market and operating conditions, and relate to events that involve known or unknown risks, uncertainties and other factors, all of which are difficult to predict and many of which are beyond the Company's control, which may cause the Company's actual results, performance or achievements to differ materially from those in the forward-looking statements. Further information regarding these and other risks, uncertainties or factors is included in the Company's filings with the U.S. Securities and Exchange Commission. The Company does not undertake any obligation to update any forward-looking statement as a result of new information, future events or otherwise, except as required under law.

About Baozun Inc.

Baozun is the leading brand e-commerce service partner that helps brands execute their e-commerce strategies in China by selling their goods directly to customers online or by providing services to assist with their e-commerce operations. The Company's integrated end-to-end brand e-commerce capabilities encompass all aspects of the e-commerce value chain, covering IT solutions, store operations, digital marketing, customer services, warehousing and fulfillment.
